

Project Data Sheet

BASIC PROJECT DATA			
Full project title:	Modernizing the navigation signalization system on the Poarta Albă–Midia Năvodari Canal		
Short project title: (acronym)	–	Project logo:	–
Project website:	–	Project ID:	PA1A066
Need and added value for Danube Region Strategy:	<p>The navigation signalization system on the Poarta Albă–Midia Năvodari Canal is a functional need for the safety of navigation on this canal. Currently, there are signalization systems only at the locks, but the disadvantage is that they are of the railway type, with light that is not ensuring a good visibility in the summertime on any direction from between the gates of the locks. There is not any other lighting equipment or if it does, it is damaged, outdated or with a low level of efficiency and requires high maintenance costs.</p> <p>All non-lighting signals shall be upgraded, as well as the lights of the locks, the lights at the entry and exit from the canal, as well as the lights from the junctions, the points of entry into the ports and from bridges, the lighting system of the embankment and the lights from the entries/exits into the ports.</p> <p>The non-lighting signalling system shall be installed on the slopes of the canal and shall include prohibition signals (boards), obligation signals, restriction signals, recommendation signals, indication signals and km boards (visible from a distance of 1.5 km).</p>		
Objective(s) of project:	Modernizing the navigation signalization system on the Poarta Albă–Midia Năvodari Canal in order to ensure the safety transport on the canal.		
Planned project activities:	Acquisition and putting in place floating and costal signalization signs.		
Transboundary impact:	Through the Poarta Albă–Midia Năvodari Canal are transported goods from/to Central European countries, with vessels flying different flags.		
Project beneficiaries / target groups:	Shipping companies		
STATUS AND TIME FRAME			
Current project phase: (please tick a box)	<input type="checkbox"/> Definition (e.g. project idea, abstract) <input type="checkbox"/> Preparation (e.g. project proposal, feasibility study) <input type="checkbox"/> Implementation <input checked="" type="checkbox"/> Completion		
Start date:	03/2010	End date:	11/2011
